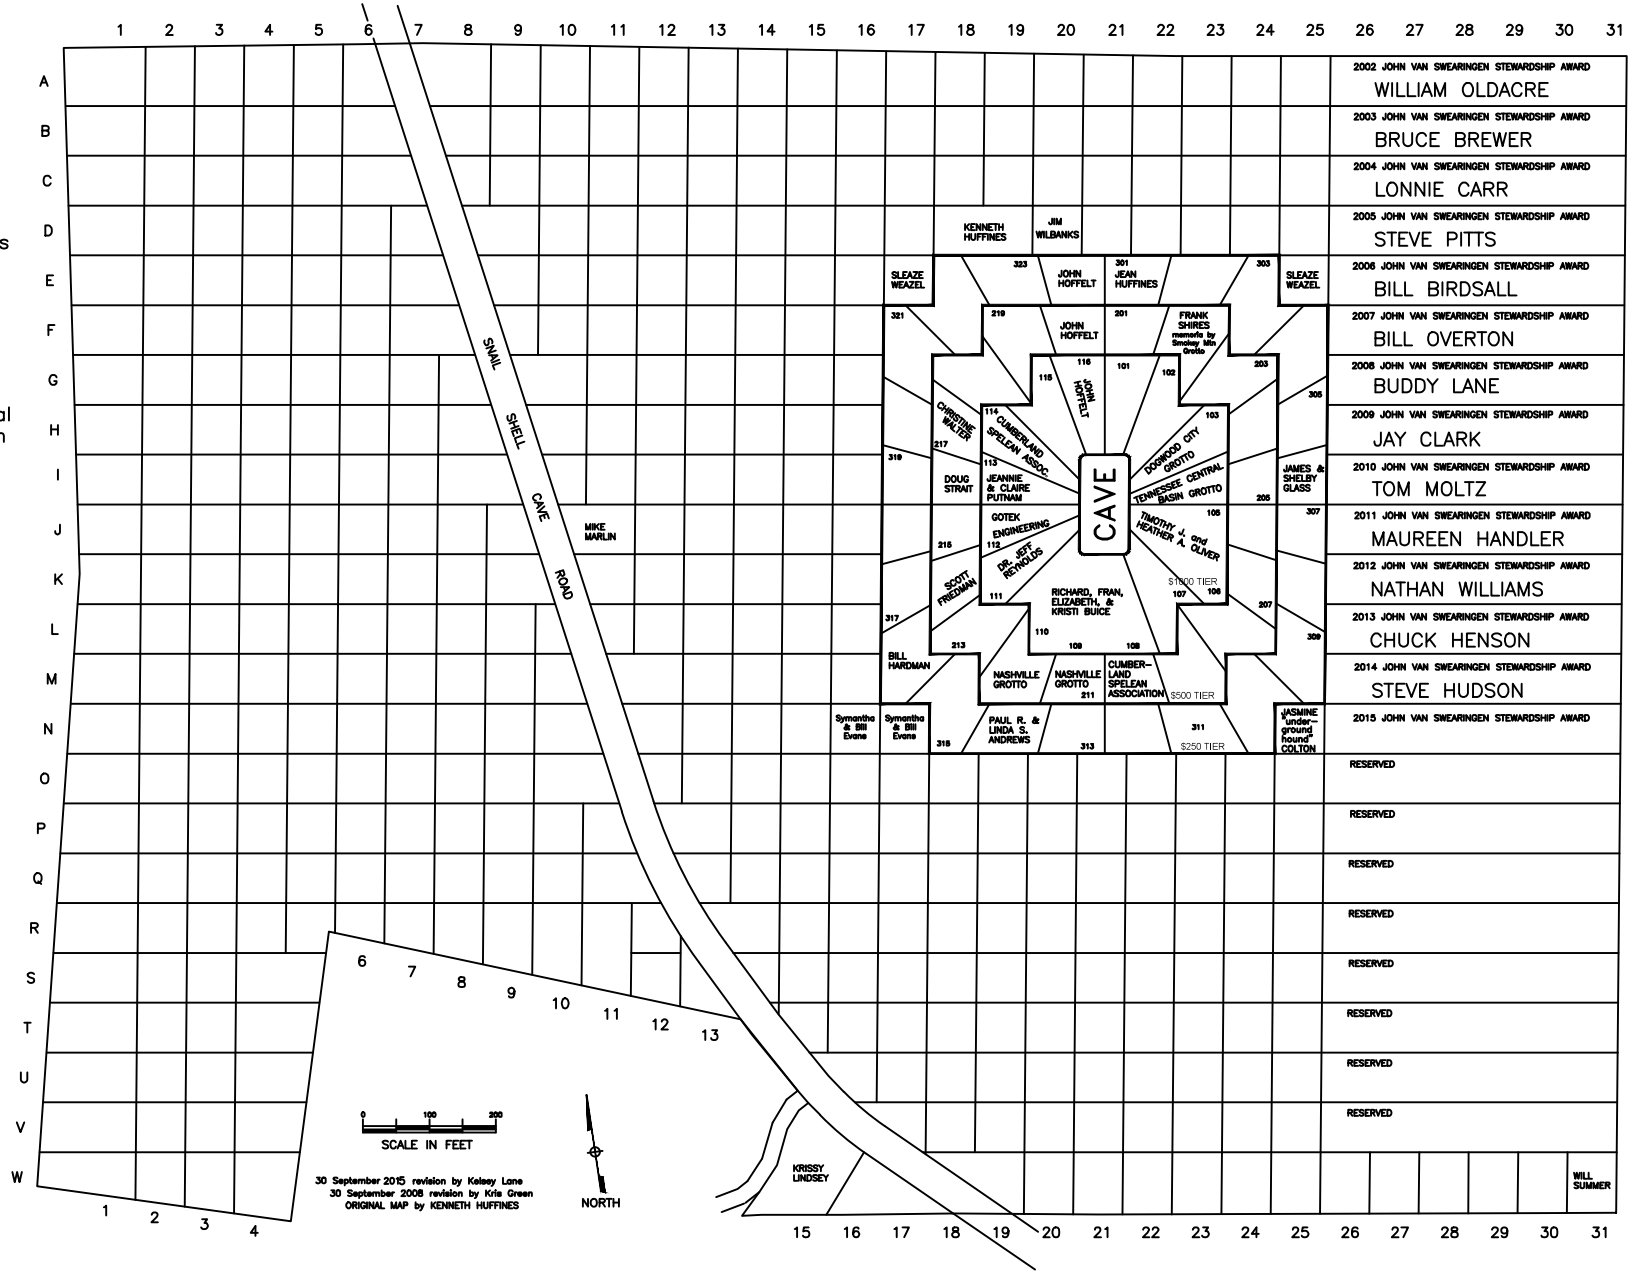
SOUTHEASTERN CAVE CONSERVANCY

SNAIL SHELL PRESERVE MAP

WHY SNAIL SHELL?

Snail Shell is on the Karst Waters Institute's list of 10 Most Endangered Karst Ecosystems.

It is surrounded by a gorgeous cedar glade – one of the best in the USA.

Help us hold on to this ecological gem by "buying" a square. Each square represents a 75' x 75' section of the preserve.
This map is our actual plat!


Buy a piece for as little as $50! Premium plots are available closer to the cave entrance!
